

Sanmar Friesians started out as two horses purchased at a local auction. On a whim we set out to OLEX and purchased Godfrey and Bengé.

We boarded out our two horses until two turned into five which included three Friesians. Then we decided it was important to find a farm to house our family additions.

Sanmar Friesians became an equestrian stable July 1st, 2005. We are family owned and operated. We have been working hard to make our dreams a reality. This horse show has been in the works for three years. We hope it is a success and will continue for years to come. Thank you for joining us. Without you it would not be possible.

It is here that I would like to say thank you to the "sponsors" that helped make this show happen. I set out calling businesses in the area and had no idea I would experience such generosity. Without this support I am not sure we could have put together such an amazing prize list.

Please take the time to look at who sponsored the classes you rode in and next time you are in need of items they may have give them a call and see what they can offer you, your horse or your farm.

Without the volunteers the "SANMAR" show would not have happened.
